SUMMARY

I am a dedicated learner with a strong foundation in web development technologies. My technical skills include HTML, CSS, JavaScript, React, PHP, JQuery, Bootstrap, SQL and Tailwind CSS. I am passionate about continuously improving my knowledge and staying updated with the latest trends and best practices in the field..

WORK EXPERIENCE

Front-end Developer

April 2024 - present

As a Front-end Developer at Riskbirbal Insurance Brokers pvt. ltd. , I have worked on various web projects, utilizing my skills in HTML5, CSS, JavaScript, PHP, JQuery and Bootstrap. I have to collaborate with our team to build and maintain high-quality web applications, ensuring optimal performance and user experience.

Front-end Intern

Dec 2023 - April 2024

As a Front-end Intern at **Campus Coder** , I have worked on various web projects, utilizing my skills in HTML5, CSS, JavaScript, and Bootstrap. I have to collaborate with our team to build and maintain high-quality web applications, ensuring optimal performance and user experience.

PROJECTS

Task Management System

[Link to Demo](#)

A task management system helps organize, prioritize, and track tasks efficiently. It enhances productivity by allowing users to set deadlines, assign tasks, and monitor progress. Integrating features like reminders, notifications, and collaborative tools streamlines workflow, ensuring timely completion of projects and better team coordination

EDUCATION

2020 - 2023	BCA at HNBGU	(CGPA: 6.15/10)
2019 - 2020	Class 12th UK Board	(69.6)
